# *FOREWORD*

We students must put forth every effort to unfold potentialities that the world offers. Electronic computers, new life saving formulas, and astronauts orbiting the earth have far surpassed the dreams of many dedicated men of wisdom and endurance.

The simple cooperation of our staff and advisers during this electronic era was totally responsible for this publication.

As you preserve this yearbook and reminisce from time to time we hope that its contents will become more valuable as the years go by.

Roberta Reaves
Editor-In-Chief

ALMA MATER

Morris our college dear

With hearts all filled with cheer

We come to thee

Throughout life's checkered ways

Thy name we'll ever praise

Teacher of youthful ways

All hail to thee.

When from our homes we came

To own thy lofty name

Breathe courage free

Parents and teachers dear

Calmed by the lack of fear

Pay homage through the years

All hail to thee.

# *WE THRUST FORWARD*

We began this academic year very much concerned about the state of our world, the state of our nation and most of all the state of our beloved Morris College which has for sixty-six years meant so much to so many people.

In the aftermath of a near-crisis period in our institution's history, we see evidence of Morris's ability to survive - and indeed to succeed - in the face of unusual pressures. We are mindful also that Morris stands as a living symbol and vivid expression of a heritage of indomitable courage, of unwavering faith, of unrequited dedication and devotion and of the unswerving will and determination of many people to provide a certain kind of educational experience for us.

As we reaffirm anew what has been passed on to us as our legacy, we are fortunate to be surrounded by signs of forward progress: a new and dynamic President, new academic programs, reforms in policies to make our social activities and personal development more palatable, and - yes, finally - newly paved campus streets. In recognition of the promising state of affairs of Morris College, we have selected the theme "we thrust forward" for the 1974-1975 HORNET.

In fidelity to those who have preceded us as students at Morris College, we present this yearbook, featuring our theme as evidence of our contribution to the legacy of Morris College and to the future progress of our Alma Mater.

# *DEDICATION*

# *DR. LUNS C. RICHARDSON*

Dr. Luns C. Richardson
A.B., M.A., Ped. D., L.H.D.

The Reverend Doctor Luns C. Richardson is a native of Hartsville, South Carolina and graduated as Valedictorian of Butler High School of that city. He entered the ministry at the early age of eighteen years, under the leadership and guidance of the late Dr. H.H. Butler, prominent educator and Baptist leader, and was given further inspiration and guidance by Dr. M.S. Gordon, Sr.

Doctor Richardson graduated Magna Cum Laude from Benedict College in 1949 with the A.B. Degree and from Columbia University in 1958 with the M.A. Degree in Higher Educational Administration. He has studied further at South Carolina State College, Rutgers University, and the University of Tennessee at Knoxville. He has been awarded the Honorary Doctor of Pedagogy Degree by Benedict College and the Doctor of Humane Letters by Morris College.

He served as Dean of Men and Chaplain at the Denmark Technical Education Center from 1949-1964. From 1964-1966 he served as principal of St. Helena High School, Frogmore, South Carolina; and from 1966-1967 as principal of Wilson Senior High School, Florence, South Carolina. He served in various administrative capacities at Benedict College from 1967-1973-the last sixteen months as Acting President. On July 1, 1973 he became Vice President of Voorhees College and served until July 1, 1974, when he became the ninth President of Morris College, Sumter, South Carolina. He has served as pastor of Thankful Baptist Church, Bamberg, South Carolina, since 1958, and is a strong supporter of local, state and national Baptist conventions.

Among the many honors and recognitions received by Dr. Richardson are listings in "Outstanding Educator of America," "Personalities of the South," and "Outstanding Young Black Americans." In March 1974 Thankful Baptist Church honored him by naming its educational building for him and placing his portrait there.

In 1974, Dr. Richardson was selected for inclusion in the Dictionary of International Biography, Volume XI, 1974-1975.

On January 24, 1975 President Richardson was initiated into the University of South Carolina Chapter of Phi Delta Kappa, national men's education fraternity, as one "making a viable contribution to education."

Dr. Richardson came to Morris College because he saw a lot of potential for growth and development. He feels that he can play a substantial part in that growth and development.

Dr. Richardson has an open door policy to staff, faculty, and students. His main goal is accrediation by the Southern Association of Schools and College by 1976.

Dr. Richardson brings with him a zeal to put Morris College at the top of the list in America's Small Colleges.

We, the Senior Class of 1974-75, say to Dr. Luns C. Richardson, President of Morris College, " 'Thrust Forward', for where you lead we shall follow."

This edition of the Hornet we proudly dedicate to our new President.

# *SPECIAL APPRECIATION*

## *SOUTH CAROLINA WOMEN'S BAPTIST ASSOCIATION*

The Woman's Baptist Convention has played a major role in the growth and development of Morris College. Four major buildings-Dobbins-Keith-Whitener 1967, Mabel K. Howard 1954, Dean's Cottage 1926 and Dobbins-Keith 1913-were constructed with funds raised by the women's convention. In addition, the women have contributed to every financial effort and to numerous special projects for Morris College. The Morris College Family, with love and gratitude, extends to the Baptist Women of South Carolina our sincere appreciation.

# WE THRUST FORWARD

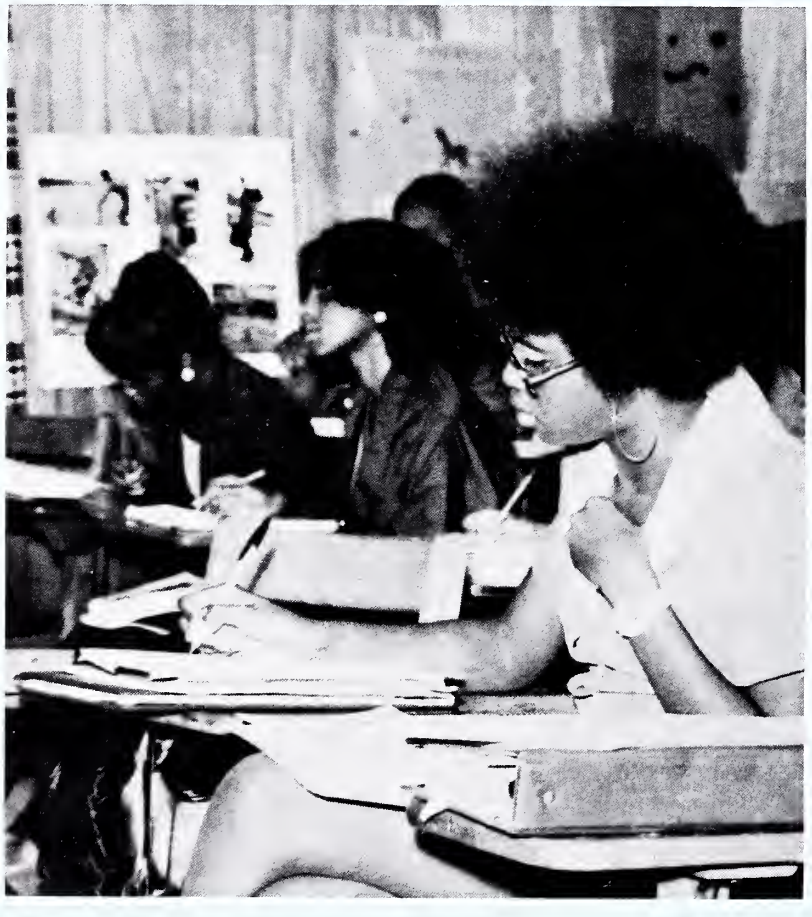
## *FRESHMAN STUDIES PROGRAM*

MS. P.T. WILLIAMS AND MR. D. DAWSON DISCUSS THE MCFSP WITH CONSULTANT



STUDENTS AT WORK IN THE MCFSP

## MORRIS COLLEGE INITIATES FRESHMAN STUDIES PROGRAM

Under the administration of Dr. Luns C. Richardson, President for the first time, the college has initiated an integrated approach to Freshman Studies in which freshman education is treated as a distinct concern in itself. In keeping with its open door policy, the college has initiated a new program to provide educational development for students whose high school education is considered deficient, and whose chances of success in college are marginal.

Students in the Freshman Studies Program receive individual assistance and intensified training in English, Reading, Computational Skills, and Fine Arts. Emphases are being placed on Communication Skills and understanding ideas. The program is being implemented through innovative instruction directed to the students achievement of observable goals.

In addition to regular classes, The Freshman Studies Program is conducting many enriching activities such as trips, attendance of musical events (popular and classic), excursions, cultural and social affairs for its students. Staff members, with the help of tutors, are conducting these activities as part of their responsibilities for general student development.

Personnel consist of a core of five faculty specialists, secular and religious counselors and members of the regular faculty who render adjunct services as needed.

Professor P.T. Williams is director of the Program.

## WE

Morris College Students' on their way to work at Tinker Air Force Base in Oklahoma City.

Ms. Butler explains to Ms. Hollomon, new Co-op student, procedures used for job assignment.

## THRUST

Mr. Warren Fisher, Co-op Director, Tinker AFB, gives instructions to Co-op students.

## FORWARD

Cooperative Education is a unique plan of educational enrichment which provides "on the job" experience in a real work situation related to the student's academic program. Cooperative Education takes the student into the world of business, industry, and/or education for an internship that is a laboratory for testing and practicing classroom theory. For many students, it provides an opportunity to "earn as you learn."

Mr. Arthur Hill doing what he does second best.

## *TRUSTEE BOARD OF MORRIS COLLEGE*

CHAIRMAN NEAL PRESIDES AT BOARD
OF DIRECTORS MEETING

Reading clockwise several members of the Board of Directors are seen in their fall meeting. They are: Dr. W.P. Diggs, Dr. L.W. Williams, Rev. J.W. Davis, Rev. F.H. Ham, Dr. J.P. Neal, Sr., Dr. L.L. Butler, Sr., Dr. W.L. Wilson, President of the State Baptist Convention; Dr. J.L. Brooks, Dr. W.H. Neal, Board Chairman; Dr. Luns C. Richardson, President of the College; Rev. R.M. Dixon, Dr. M.S. Gordon, Sr., Rev. C.M. Daniels, Dr. Marion McLester, and Dr. Iola Jones (hidden from view). Two visiting ministers present were Rev. E. Burroughs and Rev. F.D.R. Williams.

The Board of Directors is the official governing body of the College between meetings of the full Board of Trustees which represents the State Baptist Education and Missionary Convention of South Carolina, sponsoring body and chief supporters of the College.

*Rev. Dr. W. H. Neal*
*CHAIRMAN OF THE TRUSTEE BOARD*

# *PRESIDENT LUNS C. RICHARDSON*

## The President's Message to the Graduating Class

Congratulations and best wishes to the graduating seniors of the class of 1975. You are to be commended for completing successfully this phase of your education in your efforts to prepare to enter the mainstream of society as contributing participants.

The period immediately ahead of you is one of great importance in the life of our nation and the world. We sincerely hope that Morris College has been able to assist you in your preparation for effective participation in the mainstream of our society and that you have been imbued with the idea that all men are equal. I hope that you will use your education to help promote the hopes, dreams, and aspirations of our people and that you will play dynamic and constructive roles in the development of a society in which all members will share fairly in the good or bad fortunes of the group, and which progress is measured in terms of human well-being, not in terms of material things. Let firm individual and collective commitment to the people and their welfare become your overriding concern. Always do what you can to help improve the conditions of your fellows, for in such service you will find your own self fulfillment.

Please remember your Alma Mater, too, as you become involved in your life's work. Please help your College to become ever more able to serve those who will follow in your footsteps. As one of the classes which has benefited from what the College has to offer, we ask you to accept the responsibility of helping to improve and perpetuate the institution and see that it lives and grows in service in the years ahead.

You have my best wishes for success and satisfaction in your chosen careers.

Sincerely yours,

Luns C. Richardson

# *PRESIDENT OF STUDENT GOVERNMENT ASSOCIATION*

## *James D. Weeks*

In these changing times, whereas society is moving at such a rapid pace, each situation presents new problems, new challenges and new goals to be fulfilled. The Student Government Associations of all colleges in general, and black colleges in particular, must stand ready to face each new situation.

The role of SGA has grown immensely over the past few years to a more powerful and prestigous position. Utilization of this new power and prestige in an effective way will certainly guarantee new strength in coping with the issues of the seventies.

At Morris College, the issue of the seventies is full Accreditation. It is everything and everything is it. The Student Government Association invites your help, as we use all that we have in joining with the rest of the Morris College Family, to face the issue, to deal with it effectively, and to become fully accredited to meet the needs of students in the years to come.

*WE THRUST FORWARD*
*WITH*
*STUDENT LEADERSHIP*

## *"WE THRUST FORWARD IN ATHLETICS"*

*We here at Morris College have adopted the philosophy that a sound athletic program should be sponsored with a basic purpose of providing the benefits of participation in athletics to as many students of the college family as possible.*

*We believe that athletics should be an integral part of the student athlete's total educational program and that intercollegiate athletics fully justify being a fell member of the educational family of Morris College.*

*Athletics provide benefits to the athlete and the college worthy of institutional acceptance and financial support.*

*Athletics here at Morris College consist of three sports: basketball, baseball, and track.*

MR. HARRY GETER

COACH OF THE STINGING HORNETS

(CHESS ROOK & DIRTY HEART FLUNKY)
